## Active Website has been Invited to Roundtable Discussion at Inman Connect

### FOR IMMEDIATE RELEASE

Active Website is honored to announce that they have been invited to participate in a roundtable discussion at Inman Connect in July 2008. The discussion topic is, "Building a Killer Website Targeting Brokers." Representing Active Website will be Ori Staub, Director of Technology for the company. In his role, he is responsible for architecting and overseeing development of the Active Website Enterprise product by working closely with emerging technologies and Enterprise Network members. He will be joined by David Therrien of Keller Williams, Galen Ward of Estately, Greg Tracy of BlueRoof360, and Matt Goyer from Redfin.

"We are excited to be a contributor on this topic and to discuss the vision we see for the industry", said Ori Staub. "Inman is one of the premier technology events for the Real Estate industry and it is important that the Enterprise Network be represented at this event."

## About The Enterprise Network

The Enterprise Network member base is by invitation only. It is comprised solely of private Real Estate firms, meaning no national brands are accepted. We only work with one company per market place. This exclusivity allows for open collaboration and sharing of information within The Network, free from any conflict of interest. The goal for our members under the Enterprise Network umbrella is that they gather to address the technology demands that are emerging in today's changing Real Estate markets, and together make the best decisions concerning implementation of systems and solutions, ultimately leveraging everyone to higher levels of business.
